honeybeesweets.sg Good morning! Breakfast this morning was extra wholesome with this spread made from @nakulasg organic cold pressed virgin coconut oil 🌿👉👈. Thanks to the kind people of @nakulasg, I received two of their 500 ml coconut oil (\$15.90/ bot) and delicious nutty granola made with their coconut oil. #SoAwesomeCan

Couldn't resist using it as well, I used #nakulasg's coconut oil to bake a loaf of Coconut wholewheat purple sweet potato piggy buns 🐷👉👈. Loving that coconut fragrance it gave off and it's super soft! #honeybeesweetsbreadbakes Drop by my snapchat 📷 Honeybeesweets to check out how I made these piggies! -----

sassyogi Received a little mid day boost from the folks at @nakulasg, thanks for the love guys!

Really curious to try out the coconut oil. Coconut oil has been quite a rave lately, and I know it's really good for the hair too! This organic, cold pressed, raw coconut oil is going at \$515.95 for a 500ml jar, which is very affordable as compared to other brands of coconut oil out there. Plus you can find them at Cold Storage! Definitely coconut oil made accessible!

I'll give this a shot tonight and I'll let you know what I think! Meanwhile, thank you @nakulasg for the love! x

singaporeyogi I have it @nakulasg ! So delish.

aany.a Does cold-pressed coconut oil make a difference?
