A LOVELY BUNCH OF COCONUTS

Fresh coconut water is all too easy to buy. But what we like about **COCOWATER** is that it's subtly sweet, which allays any fears of artificially sweetened coconut water, as it does promise to be all natural, with no preservatives, additives or sugar added. Its coconut water is sourced from young green coconuts in Thailand. Besides being a great afternoon refreshment, we've always been fans of coconut water for its electrolytes - it makes for a great post-workout drink and hangover cure! Available at Cold Storage, Market Place, Jasons The Gourmet Grocer and Redmart.com

不碰含糖饮料太苛刻，纽约品牌**Just Picked CocoWater**来救援。甫登陆的无菌包装椰水（\$2.50起/包），从泰国摘下长了6-9个月的新鲜嫩椰取汁，糖分和卡路里都比老椰低。喝起来甘而不甜、透心凉，330毫升才60大卡，比乳酸饮料低，重点是不用捧着重重的椰壳，赞啦！
